

Teacher Resource #4

WHO CAN PUT INFORMATION ON THE INTERNET?

Anyone can. This is great because now it's easy to find just about anything.

But you have to be careful. Just like in real life people can make mistakes and tell lies. It can even be harder to know when people lie on the Internet to decide as you must decide when you can't see the person.

AT LEAST IN REAL LIFE YOU SEE THE PERSONS BODY LANGUAGE AND MIGHT HAVE AN IDEA IF THEY ARE TELLING LIES

HOW DO I KNOW IF WHAT I SEE ON THE INTERNET IS TRUE ?

- Find out who owns the website, If you're not sure ask a parent /guardian or teacher
- Compare what you see with what you already know
- Look for a date on the website it may be out of date

WE DON'T BELIEVE EVERYTHING WE SEE OR HEAR AND THE SAME GOES FOR THE INTERNET

ARE THERE ADS ON THE INTERNET

Yes ! There are lots and lots of ads on line – just like on TV. But on the Internet they can pop up at any time, It is important to remember if you're looking up a website they may be trying to get you to buy something or gain personal information. Be Careful
